

The “Cats and Dogs” at Play

57 T-bird 2010

57 Corvette 2005

Attention C1 Drivers

In the 1950s, Ford’s T-Bird and GM’s Corvette were huge rivals from showroom sales to the race track. Now, more than 50 years later, the two famous marques are going to spend a day together, and we’re invited to join them!

Make plans to join our host, Puget Sound Early Birds (55-57), who have invited Drivers of **C-1 Corvette’s** (53-62), for this first historic tour with these two 1950s competitors on the scenic back roads of Vashon Island on **Sunday, August 21.**

The tour will include a leisurely visit to the award-winning artisan Palouse Winery, and a private tour of the historic Pt. Robinson lighthouse on Maury Island. In between, we will be guests at a funky, laid-back informal car show on Maury Island – in a pasture next to a working ‘50s-style gas station -- with a ‘50s rock and a ‘60s surfing bands playing for us. Bring a picnic lunch or buy something from the Boy Scouts barbecue wagon. We’ll end at Ober Park in the town of Vashon, where boys can talk that car talk and girls can shop at some of the boutique stores –so mark your calendar **Sunday, August 21!**
